

Municipal Development Plan and Land Use Bylaw Rewrite

The Village of Boyle developing a new Municipal Development Plan and Land Use Bylaw!

This survey supports the Village of Boyle Municipal Development Plan and Land Use Bylaw Rewrite Project. The thoughts and information you share will help inform the project team as we draft the new Plans.

Municipal Development Plan (MDP)

The MDP is a visioning document that will help the Village plan for the future. The Municipal Development Plan will consider the current and future needs of the community, including land use, transportation systems, economic development opportunities, and municipal services. The new MDP will replace the current 1992 Village of Boyle General Municipal Plan.

Land Use Bylaw (LUB)

The LUB is the key planning tool used to achieve the community's shared vision identified in the MDP. The LUB sets out guidelines for how land within the Village should be developed and informs what Boyle will look like through regulations influencing neighbourhood and community design, such as density, building setbacks, and landscaping.

The new LUB will replace the current Village of Boyle Land Use Bylaw.

1.	Imagining the Village in the next 25 years, what is your vision for the Village of Boyle?
•	

- 2. What is your relationship with the Village of Boyle? (select all that apply)
 - a) I Live in Boyle
 - b) I Live in Athabasca County
 - c) I Work in Boyle
 - d) I Work in Athabasca County
 - e) Other: _____

- 3. What are some of the best features of Boyle? (select all that apply)
 - a) Residents
 - b) Location and access
 - c) Employment opportunities
 - d) Schools
 - e) Access to nature
 - f) Community culture
 - g) Location and access
 - h) Recreation facilities
 - i) Other: _____
- 4. What could be improved in Boyle? (select all that apply)
 - a) Public safety
 - b) Development rules (e.g. building setbacks, landscaping or parking requirements)
 - c) Employment opportunities
 - d) Community Services (health care, education, waste management)
 - e) Infrastructure (water/sewer/utilities)
